

## **Family Memories on Thanksgiving**

Family gathered in the living room hugging and playing together

Sweet laughter, singing, and stories of relatives old and young

Tender turkey roasting in the oven, pumpkin pie cooling in the window, and  
steaming rolls waiting to be devoured

My Mother's famous green bean casserole, Grandma's sweet potatoes, and corn  
on the cob tickle my tummy

The warmth of the fire after the crisp, cool air

Memories are made of special times like this
